## BUSINESS OVERVIEW

Auto Springs East Africa PLC (ASEAP) is Kenya's largest original equipment manufacturer to the Kenyan motor vehicle assembly sector. Auto Springs was established in the year 1979 and has been producing a wide range of products for motor vehicles specifically leaf springs, nuts and bolts (U bolts, wheel studs, shackle pins etc.) and wiring harnesses. It is also involved in a wide range of modification of springs to make them suitable for Kenyan roads.

## East African Market:

We supply all over Kenya and export to Tanzania, Uganda, DRC Congo and Zambia

## Location:

The factory is located in Limuru near the interchange of Kamandura Mai Mahiu Narok road and Eldoret Malaba road.
